You are normally asked to complete a Points Test (may be a minimum of 100 points, but now it could be as much as 140 – the more points the better) to determine more or less your standing. You must do this before lodging your Expression of Interest. DO NOT lodge an EOI without doing a trial application to determine if you have all the requirements. And do not submit and pay until you are sure you meet the requirements – this is to avoid unnecessary spending. Only lodge an EOI when you are sure you met all requirements and have the evidence with you to support your application.
